

People, Plants and Homes (PPH) builds and manages community gardens, and provides resources, workshops and support to gardeners and community leaders at directly-managed BC Housing buildings across the province.

WHAT WE DO

Community Gardens

PPH manages community gardens and conduct garden visits throughout the year. Garden plots are assigned to residents by PPH on an annual basis.

Food Programs

PPH organizes community kitchens and food demonstrations to inspire healthy eating and feature the delicious produce grown in our gardens.

Educational Workshops

PPH provides seasonal workshops throughout the year on a wide variety of topics, from medicinal herbs and DIY teas to organic gardening practices and seed starting.

Garden Resources

PPH provides seasonal garden resources such as organic fertilizer, seeds, soil, vegetable starts, cover crops and garlic bulbs.

Community Farming

PPH grows food at select directly managed buildings. The produce is offered to resident volunteers or donated to mobile markets, community kitchens or meal programs.

Community Celebrations & Project Support

PPH supports residents to lead projects or workshops or to host special events, such as harvest celebrations and festivals.

Want to learn more? Want to lead a garden related project at your building? **We want to hear from you!**
